  - If you and/or your company do NOT issue any, please write that in an email when sending this application in to the NRSB

Quality Control

The applicant agrees to follow the policies and procedures of the Quality Assurance Program (QAP), including the Worker Safety Plan of All Radon Businesses with which the applicant is affiliated. The NRSB reserves the right to obtain copies of any QAO documents used by the applicant.

Use of Certification and Logo

The applicant will not make claims about certification in a manner inconsistent with the scope of the certification issued. The applicant will not use certification status in any manner that would bring disrepute on the NRSB or be used in a way the NRSB deems misleading. The applicant agrees to discontinue any claims of certification including use of the NRSB logo, certification numbers, and references to the NRSB that may be misleading upon expiration, suspension or revocation of certification.

Code of Ethics for Radon Professionals

The following Code of Ethics serves as an agreement with radon professionals who possess a current NRSB certification. The established rules are necessary to protect the life, health, property and welfare of the public, and to maintain the credibility of the certification program. Accordingly, each NRSB certificate holder agrees to retain full responsibility and liability for their actions and agrees to comply with the following Code of Ethics. Violation of this Code of Ethics or failure to abide by the requirements described herein might be cause for suspending or revoking NRSB certification.

Responsibility: Protect the safety, health and welfare of the public, by performing all certified activities in accordance with properly established and approved procedures and standards adopted by the National Radon Safety Board.

Integrity: Perform all certified activities honestly and treat the public, clients and employer in an impartial, ethical and professional manner. All details of the certified activity shall faithfully and accurately reflect the inspections; procedures used, and result obtained.

Conflict of Interest: Consciously avoid conflicts of interest and openly disclose such conflicts to all concerned parties.

Improper Conduct: Refrain from work activities outside the area of certification without prior approval.

Safety: Act in a safe and responsible manner while conducting certified activities, ensuring that all required and necessary safety procedures are in place and are being used by yourself and others for whom one is responsible.

_____Initial here to confirm you have read through the information above.

Representations

Has the applicant described in this application or anyone affiliated* with the applicant named in this application ever had a radon license, certification or accreditation denied, suspended, revoked or not renewed by a Federal, National, or State agency?

☐ **Yes** ☐ **No** **If yes, submit a letter explaining the reasons for the revocation or non-renewal.**

The applicant agrees to notify the National Radon Safety Board within 7 days, in writing, of any radon license or certification denied, suspended, revoked, or not renewed by a Federal, National or State agency. The applicant agrees to notify the National Radon Safety Board within 30 days, in writing, of any change in the information provided in this application.

The applicant and all persons or entities affiliated* with the applicant are responsible for complying with the requirements of each State and/or other legal jurisdiction in which radon services are offered. Failure to maintain accreditation, certification or licensure or engaging the services of an entity or individual that is not in compliance with the requirements of a States' radon regulations in which the applicant provides radon services may result in loss of NRSB accreditation. The applicant attests that all information in this application is truthful and accurate and further agrees that the applicant and all persons or entities affiliated with the applicant will comply with NSRB requirements. Providing false or misleading information or failing to comply with NRSB requirements may result in loss of NRSB accreditation.

The NRSB reserves the right to contact any State, National, or private certification agency regarding any information provided in this application.

The undersigned understands that certification does not constitute any form of license. Additionally, the applicant releases and forever discharges the, NRSB, a non-profit organization, and NRSB contractors or subcontractors from any and all liabilities, claims, demands, or causes of action whatsoever, which now exist or which may hereafter arise on account of the applicants activities henceforth as certified or accredited by the NRSB. The applicant authorizes the NRSB to list the applicants' certification or accreditation on the Internet or in printed publication. For good and valid consideration it is acknowledged herein the applicant agrees to release and discharge the NRSB from any and all claims related to this application for the applicant's certification or accreditation by the NRSB that exists now or in the future.

*Affiliated: an affiliated entity is owned or substantially controlled by another entity
